**23 JULY 2021 -  
FRIDAY PRAY & FAST**

Dear Praying Friends,

***“Then I will purify the speech of all people so that everyone can worship the LORD together. My scattered people who live beyond the rivers of (Africa) will come to present their offerings. On that day you will no longer need to be ashamed, for you will no longer rebel against me. I will remove all proud and arrogant people from among you. There will be no more haughtiness on my holy mountain. Those who are left will be the lowly and humble, for it is they who trust in the name of the LORD.”***

Zephaniah 3:9-12 NLT (Emphasis Added)

God has not forgotten His people in Africa. He sees the plight of those who are lost in sin and brokenness.

Sins and brokenness have truly taken their toll on our beautiful continent. The disobedience of man has brought about plagues such as war, famine, corruption, poverty, sexual immorality, violence, disease and death. Generally, men and women blame God when they are afflicted. Many do not understand that God is not the cause of their suffering. When we live contrary to the Lord and His established Kingdom – then we risk opening doors where evil can overwhelm us and destroy us! By sin and brokenness, Satan has been given access to our families,

communities, cities and nation. From the very top of our society to the lowest ranks of society – many live in constant danger because of their wrong choices. Satan is the deceiver - he deceives nations to bring them into bondage. Satan is the destroyer - he steals, kills and destroys nations enslaved to him. Africa needs help!

**There is good news!**

**Africa can be saved. Africa will be saved.**

**Jesus gave His blood** to pay for the trespasses of humanity. His blood is the tonic to **everything** that steals from Africa's destiny and future. Not only does the blood of Jesus cleanse. The Spirit of Christ raises men and women, who believe, from the ashes of past sin and brokenness... They are equipped with His resurrection power to establish His Kingdom in the hearts of people open to the move of God's Spirit. The Spirit of Christ has also broken the grip of death so that the children of God can be given everlasting life. Jesus defeated death, so that nations like those in Africa may live according to God's original design and purpose for them. It is time for us to call on God – Jehovah Nissi – the Lord our Banner of Salvation. He who hears sees and knows all. He is the God who sent Jesus for us so we might be set free from sin and healed of brokenness. He is the one who

delivers men and women in a mighty way. He is the answer for Africa – and for that matter the ENTIRE world too!

**Dear Father,**

**Our salvation in times of trouble – we come to you representing Africa, the nations and peoples residing within her boundaries. We beg you to forgive us of our sins. Give us your grace and strength to turn from our wicked ways. Heal us from the bondage and brokenness that Satan has brought upon us. Close the doors we have opened to the enemy for ourselves as well as for our families, communities, cities and nations.**

**We ask this in Jesus name, Amen.**

## **LOUISE AMBATI – KINGDOM BUILDERS GLOBAL, INDIA**

Please pray for the following requests sent in:

1. My Indian citizenship is still in progress. I didn't get any update recently after the inspector visited my home. It's a very sensitive issue currently as I have an estranged husband who tries to get me out of India. He and his colleagues have also told the inspector that I share the Gospel and live by receiving money from Indian people, which is a lie. However, the same God that brought me here will have the final say.

2. My trust registration which I submitted three months back to an auditor came back and the auditor said that the government is not accepting Christian charities now because Christians change Indian caste systems. This was a direct attack and he delayed me for three months. I did manage to find another very good auditor who is in charity for 30 years and a Rotarian. He said there is no such thing and he has already started my new registration process. I need this registration before I go before the Superintendent of police regarding why I want to stay in India. This registration can bring favour to me.
  3. My health is good after an accident one month ago. God is good in general. Hallelujah.
  4. The deadly second wave has almost completely passed. Curfews are lifted. We have a little bit more freedom.
